MURINE
FOR YOUR EYES

Swim if you want to (with Tampax)

This modern monthly protection discards external pad and belt. No outside bulk to worry you

many another woman this summer will enjoy the refreshing waves even on those "inevitable" days of the month—because she has discovered Tampax. This modern sanitary protection has no cumbersome outside pad with belt-support. It is worn internally and absorbs internally—so there's no need to fear embarrassment in bathing suit wet or dry. . . Doctor-invented Tampax is made of pure surgical cotton compressed into applicators for easy insertion. Since there is no outside bulk—chafing, bulging and "edge-lines" are simply impossible. Odor cannot form. . . Go ahead. Buy Tampax at drug store or notion counter. Three absorbency-sizes: Regular, Super, Junior. No disposal trouble—an average month's supply will fit into your purse. Economy box holds 4 times this quantity. Tampax Incorporated, Palmer, Mass.

LET'S EXPLORE—

Land of Split-Rail Fences

HANDSOME little villages hugging the uplands on the perimeter of the Great Swamp offer a splendid area to visit when main roads are crowded with holiday traffic. This highly photogenic land of split-rail fences, spreading greenhouses and mountain scenery is also an area where back roads are both well-kept and well-marked.

Start today's trip by turning left off Route 24 at the red brick castle just west of Canoe Brook Country Club. Keep right at Ciba Pharmaceutical Co and along Watchung avenue. This was once the back route to Morristown, used by folks who shunned the main toll road—attested to by the name "Shunpike" on some street signs. Many of the greenhouses which have made the Madison area famous are along the route.

Keep left along Green Village road at the fork in Hickory Tree. Beyond Green

BY JOHN T. CUNNINGHAM

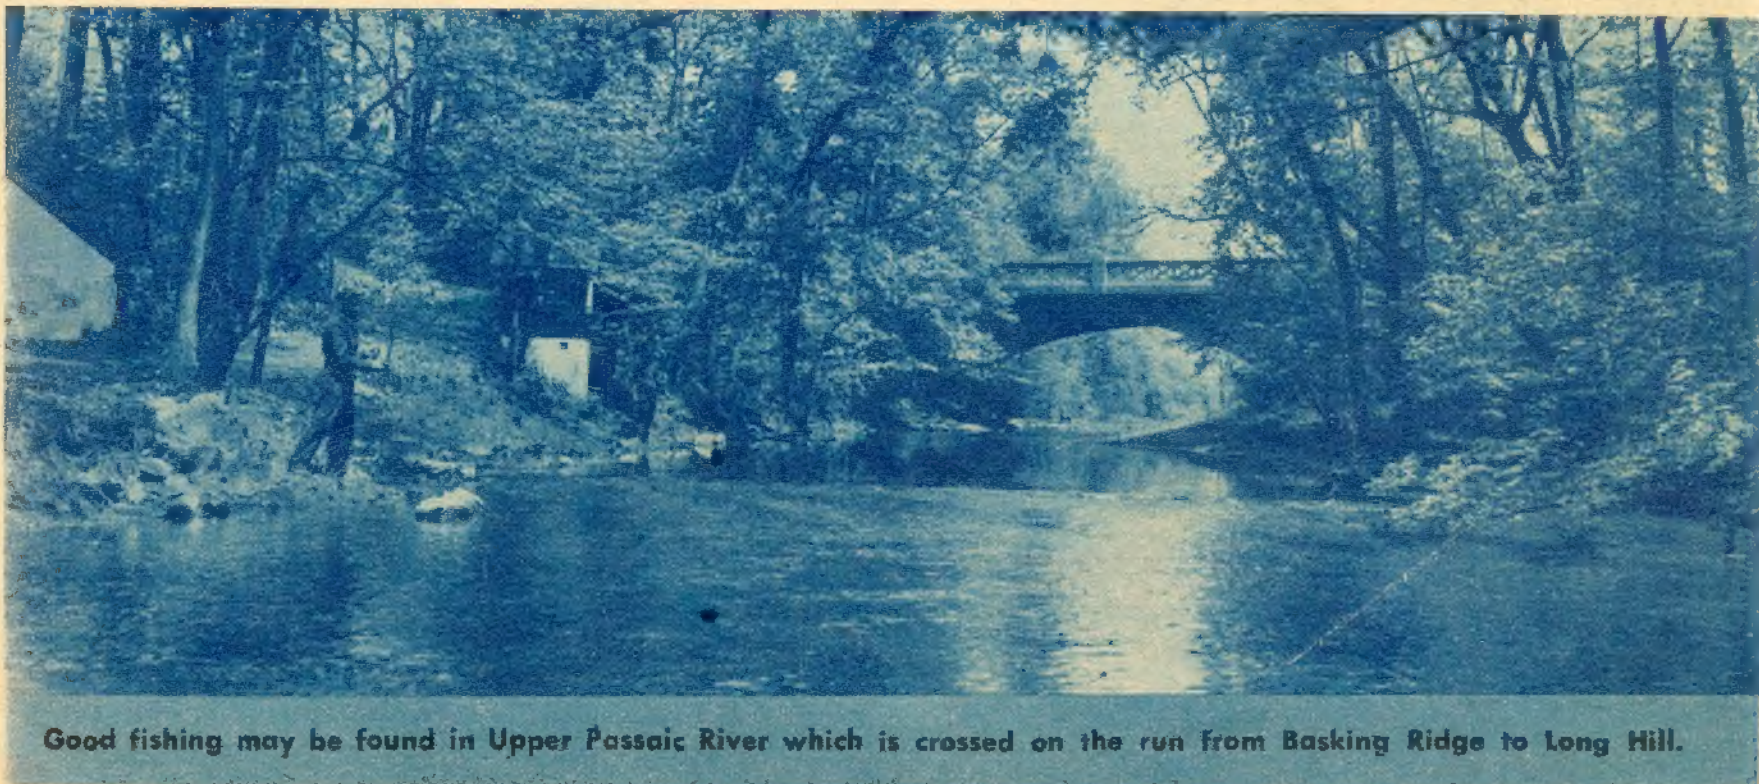

Village firehouse the road curves sharply to the right, but the motorist is urged to keep straight ahead on the narrow macadam road for an exceptional short trip through lush scenery. This road runs out to the cascading falls of Silver Lake. Turn left at the lake, then left again at the overhead blinker in Madisonville.

Basking Ridge's famous 400-year-old oak in the Presbyterian Church cemetery is likely to intrigue the camera fan. At the cemetery, the route jogs left, then straightens out past the school to rise up Long Hill, curving around to the left at the blinker atop the hill. Follow signs to Gillette and cross Springfield avenue at another blinker.

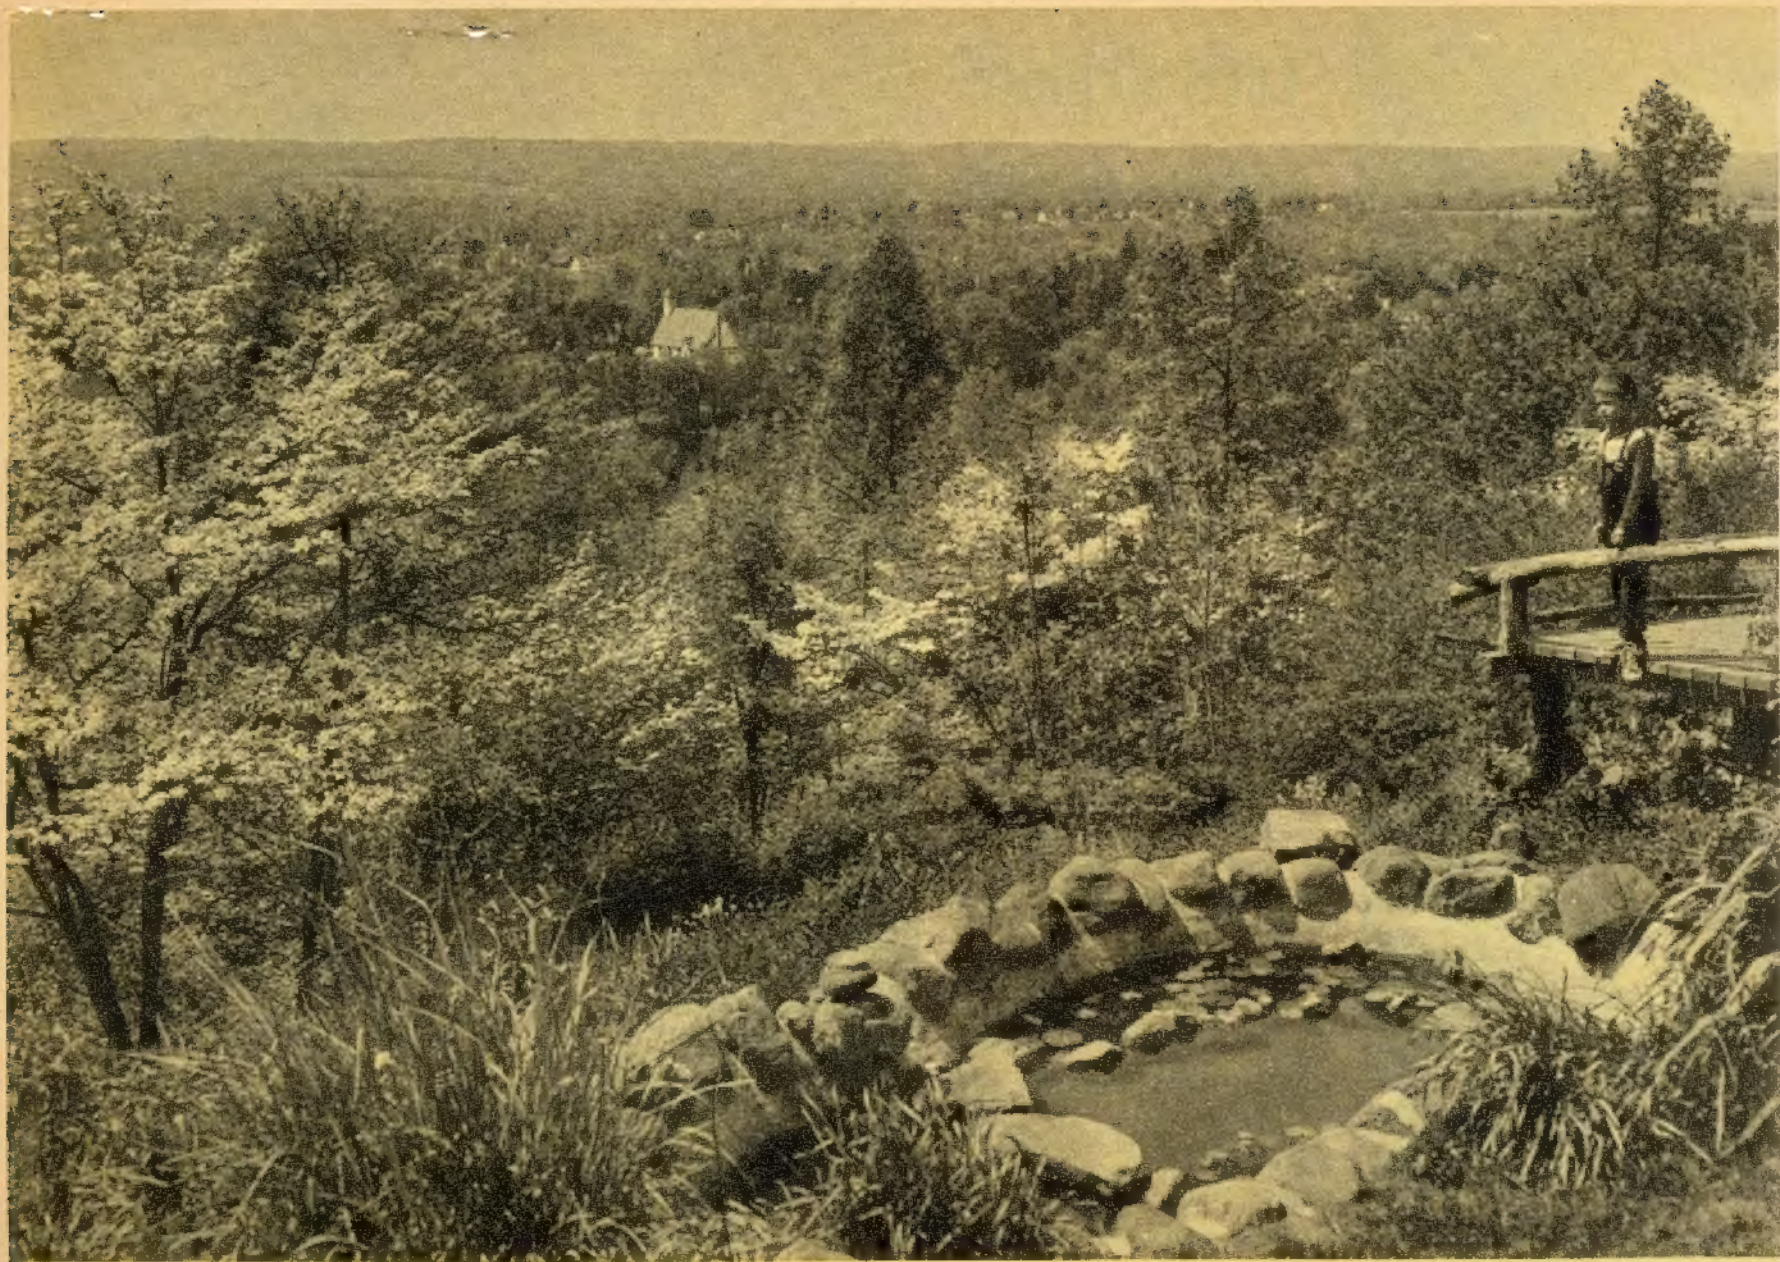

Union Village has a tricky crossroad, where the motorist must swing to the

left of the picket fence. The way rolls gently up the Watchung Mountain, then dips sharply down after the crest is passed. Keep left at the "T" intersection for a pleasant ride between the two Watchung mountains.

Straight ahead is Watchung Reservation, but an engaging little side trip is offered in a right turn at Bonnie Burn Sanatorium. This road goes down in swinging curves, and, as Route 29 appears ahead at the base of the mountain, make a sharp left turn past a trap rock quarry and an idyllic small millpond. Keep right at the next two intersections for a shaded ride up twisting Sky Top Drive. It's possible to lose the way in the reservation, but park guides will help the traveler to find either picnic spots or the way to New Providence road, important since it leads to a traffic light to help cross or enter busy Route 29.

Good fishing may be found in Upper Passaic River which is crossed on the run from Basking Ridge to Long Hill.

Typical scenery viewed from crest of Long Hill.

Must You Avoid Favorite Foods?

... because of Acid Stomach?

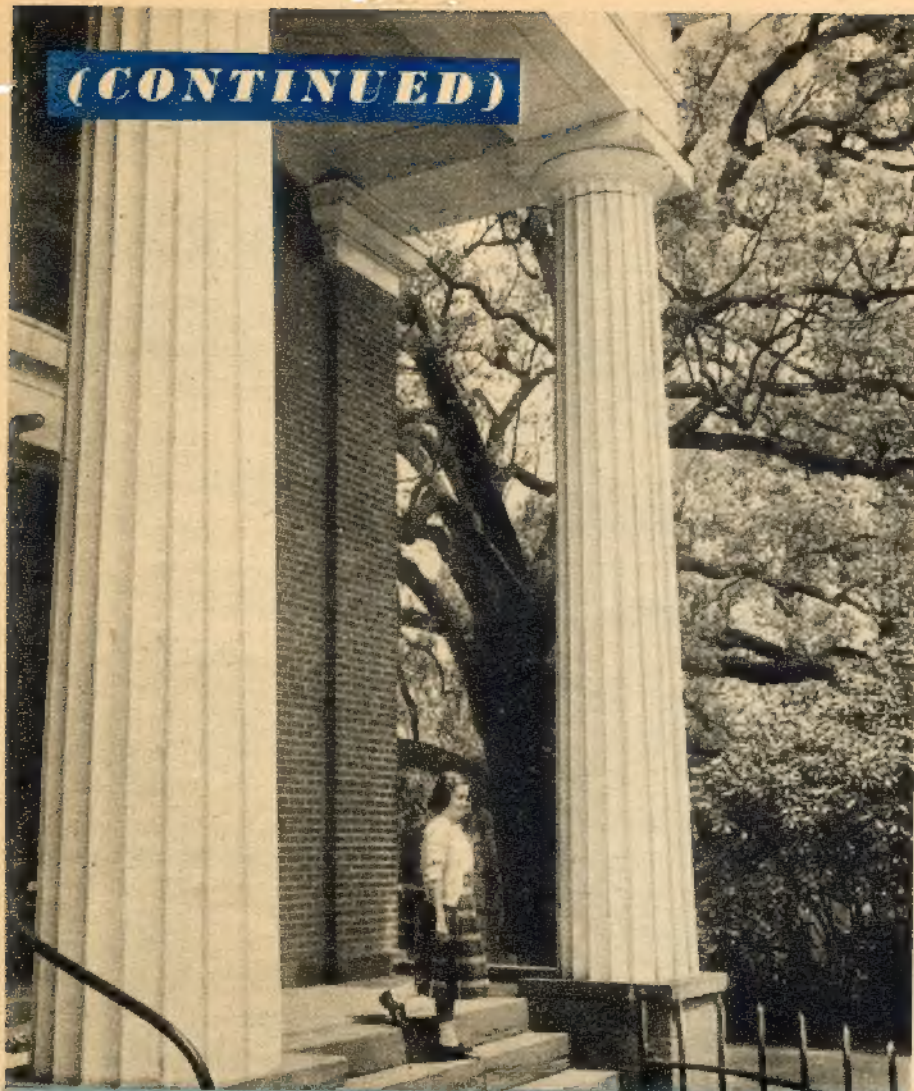

Nearly everyone has favorite foods that
bring on heartburn... sourness... acid
indigestion. But millions have found the
answer is simple as A-B-C. They just
carry a handy roll of Tums in pocket or
purse. Eat 1 or 2 like candy for quick,
soothing relief. Tums contain no soda to
over-alkalize or cause acid rebound. And
they are FAST! Cost only a dime.
Get a roll today!

'Let's Explore'

PHOTO CONTEST

TAKE your camera along on a "Let's Explore" trip with The Newark Sunday News and shoot for a prize!

It won't make any difference if you use a box camera or a super-duper reflex. The finished black and white photograph will be what counts. Rules are as simple as can be and each week's selection of the five prize-winning photographs will be printed in The Newark Sunday News.

The photographs will be judged solely on their interest and appeal, no matter what the subject. A heart-warming picture of a lamb may be chosen, or a compelling photograph of a sweeping landscape.

The rules are listed below, but actually all you have to do is take a picture within sight of the road while on a "Let's Explore" trip, get it developed and printed and send it to "Let's Explore," Newark Sunday News, 215 Market street, Newark 1, N. J.

There has to be a time limit, of course, so 10 days is allowed after each "Let's Explore" trip has been described in this magazine. (Today is July 1, for instance, so 10 calendar days bring you to midnight of July 11 as the deadline.) You may enter as many photographs as you want for one or all of the "Let's Explore" trips.

There will be five prizes in each week's contest.

FIRST PRIZE WILL BE \$15, SECOND PRIZE \$10, THIRD PRIZE \$5 AND THE FOURTH AND FIFTH PRIZES WILL BE \$3 EACH.

Now for the rules:

1. Photographs must be in black and white, and clear enough for newspaper reproduction.

2. The photographs may be of any subject under the sun, but must be taken within sight of the road on a "Let's Explore" route.

3. Entries must be identified (a) as to the publication date or when the route was described in The Newark Sunday News Magazine, and (b) approximately where they were taken on that route.

4. Entries for any route must be mailed to "LET'S EXPLORE," NEWARK SUNDAY NEWS, NEWARK 1, N. J., before midnight on the 10th day after the route has been described.

5. Any person shown in a photograph must be identified by name and address, and it is understood that person has granted permission for publication of the photograph.

6. Ownership of any entry remains with the contestant, but an entry will be returned only if a return addressed envelope of adequate size and with proper postage accompanies it.

This millpond, which once fed Seeley's Mill not far from Watchung Reservation, is on Diamond Hill road.

Now there's no need to travel the heavily trafficked highways. You can hold your picnics right in your own back yard with the revolutionary new concrete and steel prefabricated...

Here's your opportunity to take up a rich man's hobby at very little cost . . . an exciting way to entertain your family and friends. Your fireplace can be delivered complete and installed . . . ready for cooking . . . at your home within a few days after you place your order at one of the fine stores listed below.

ATTRACTIVELY DESIGNED . . . will make a showplace of your yard or garden. Available in brick-style finish, graystone finish, and Pennsylvania mica stone.

STURDILY CONSTRUCTED . . . weighs 1200 lbs . . . 5 ft. high . . . and built upon a steel reinforced concrete base. Heavy-gauge steel firebox and two adjustable 17" x 18" grates. Will last a lifetime in worst climatic conditions.
